TEN CENTS A WEEK

ITALY IS RECOVERING FROM THE EARTHQUAKE

Sun Shone Over the Devastated Territory on Friday---Wounded Being Cared For.

REGGIO, Jan. 9.—The sun shone again today in all its splendor, emphasizing the beauties of nature in the surrounding country along the mountains covered with green and over the vineyards and lemon groves and down the smiling shore where it reflected in the opalescent sea. Inside Reggio, however, its warm rays fell upon only huge piles of debris.

Proportionately with other towns, Reggio gave the highest percentage of orphans as a result of the earthquake. The boys were eagerly taken care of by relations, but the girls were mostly abandoned. Fortunately, however, they have been entrusted to the ladies' committees which arrived here from all parts of Italy and doubtless will secure good homes.

All the wounded have been removed from Reggio and 8,000 refugees have departed from the town. One thousand bodies have been dug from the ruins of fallen buildings and buried in improvised cemeteries.

Among others who have escaped uninjured when the shock came were

the children, who, after having been buried in the debris of their homes for seven days, got out unaided, burrowing like mice.

A man and his wife also have been found uninjured beneath ruins where they had lain for eight days, subsisting on a pint of olive oil. The safe of the Bank of Italy, containing \$3,000,000 has been found.

At Sinopoli all the houses were destroyed except three built after the earthquake in 1905 of hollow brick with a wire passing through them and uniting them in a vertical line while at the top another wire united the different lines horizontally, thus making the whole building compact.

Fresh earthquake shocks are being felt here, at Bracaleone and Messina each night. They are preceded by explosions, and buildings that were not totally destroyed in the big shock are being further damaged.

STANDARD OIL CO'S. TANK WILL REMAIN

COUNCIL ALLOWS THEM TO KEEP THE PRESENT PLACE.

The Tax Matter of Mrs. Ida E. Burnett Will be Taken to the Supreme Court.

The City Council met in adjourned session at the council rooms on Friday evening for the purpose of taking up the unfinished business and the selection of a fire chief, vice E. A. O'Neill, resigned.

For the first time in some weeks all were present. A secret ballot was held in reference to the election of a fire chief, which resulted in N. E. Benson receiving four votes and C. C. Pedrick three.

President Shands at once addressed a letter to the new chief advising him of his election and asking that he take charge of the department at once. The president also assured him of the support of the council and himself, individually, in making the department all that could be desired.

The tax matter of Mrs. Ida Burnett and the city of Gainesville was argued

at length, and council ordered that the matter be taken to the supreme court for hearing, the lower court having ruled in favor of Mrs. Burnett and denied rehearing of the case.

An ordinance allowing the Standard Oil Company to keep its storage tank where it now stands was passed on its second reading and ordered engrossed.

New Lodge of Elks.

District Deputy Grand Exalted Ruler H. S. Chubb of the Gainesville Lodge, B. P. O. E., will leave next week for Daytona, where on January 15th he will institute a lodge of the order. The Orlando lodge officers will do the team work, it being the nearest lodge to that place. It is expected that a large crowd of Elks from throughout the State will be in attendance, as it is said that on such occasions a marble statue would shake its sides with laughter, and every Elk who can possibly do so makes it his business to attend the institution of a new lodge.

Shipment of Lettuce.

J. G. Beville of Arredondo was in the city yesterday. He states that a great deal of lettuce has been shipped from that point this week and from now on the shipments will be good.

Sea Island Cotton Market Considerably Improved

SAVANNAH, Ga., Jan. 9.—The Sea Island cotton market was quiet at the beginning of the week, but the demand soon stiffened, and continued active to the close. The result was quite a large business, and at some slight improvement in quotations for most grades. A good deal was done in full choice at 16@16½c.

At the close the market was firm, with a good demand; and as offerings have been much depleted the prospects are favorable for the maintenance of current values. The inquiry has broadened lately for the lower grades. The cotton now coming in consists mostly of such grades.

Sales for the week were 3,144 bales. The following prices are based on

factors' quotations and are revised weekly on Fridays:

KATHERINE HAILE MAKES LARGE GAIN

MISS BESSIE DUPREE REMAINS AT HEAD OF LIST.

Miss Dorian Ellis Received Largest Vote of the Day—Clubs of Subscribers Coming In.

A large vote was polled Saturday, the three leaders getting the largest number of the votes cast. Miss Katherine Haile made a big jump, but was unable to overcome the lead that Miss Dupree had on her from yesterday's count. Miss Dorian Ellis received the largest vote again yesterday. She has been getting the largest vote each day now for the past four days, and if she keeps that record up for a few more days she will be at the head of the list in about a week's time.

Miss Mary McCormick is a new contestant, entering with the nice vote of 6,025 the first day.

Several of the candidates have obtained clubs of subscribers to The Sun and largely increased their vote in this way. Do not wait until you get up the entire club, but hand in the names of subscribers as you get them and when the number necessary for a club is obtained we will credit you with the additional votes you are entitled to.

The Woodmen of the World held an installation of officers at their camp on Friday night, when the officers for the ensuing year were installed. The retiring Council Commander, J. Manasse, was presented with a handsome engraved gold charm bearing the emblem of the order, and the fact that he was C. C. during year 1908, which was highly appreciated by the receiver, Drayton Avera, C. C.; W. S. Jerdine, A. L.; W. H. Anderson, Jr.; Banker; P. F. McCook, Escort; B. Baker, Watchman, were installed for the ensuing term.

TO THE FIREMEN.

Desiring to reorganize the fire companies, I earnestly request the members of the companies, and others that are willing to join the Fire Department, to meet at the Council Chambers on Tuesday night, January 12th, at 7 o'clock.

TENNESSEE WILL SOON BE PROHIBITION STATE

Governor Patterson Asks for Delay Until He Sends in Message on Subject.

NASHVILLE, Tenn., Jan. 9.—The sensation of the hour in Tennessee's legislative circles was the introduction yesterday of a resolution in the House seeking an investigation of the "whisky lobby," and alleged attempts to defeat temperance measures. Then came two prohibition bills, one signed by 57 and the other by 55 members, which insures their passage through the lower House, and a sufficient number of votes to pass either measure over a veto should the Governor disapprove them.

It only requires a majority of the members elected to pass a bill over the Governor's veto—50 in the House and 17 in the Senate. Both the Sen-

ate and House received special message from the Governor, asking that no action be taken on the liquor question until he can prepare and transmit a special message on the subject, not later than next Thursday. The message was spread on the minutes of each branch.

Many numerous signed petitions were presented by senators from their respective counties asking the passage of a State-wide prohibition bill.

The resolution for investigation of the "whisky lobby" was offered by Representative Tatum of Dyer county. It provides for a committee of five from the Senate to conduct the investigation.

BIG STORE ROBBERY AT ISLAND GROVE

MANY HUNDREDS OF DOLLARS IN GOODS ARE MISSING.

Sheriff Wired for to Come at Once With Blood Hounds and Trace the Robbers.

The large mercantile establishment of W. R. Brice of Island Grove was robbed sometime during Friday night and several hundred dollars worth of goods taken from the place.

Besides the loss of goods from the building, it is presumed that the thieves also succeeded in getting into the safe which contained a large amount of money and other valuables.

The only information that could be secured in this city was from the meagre telegram which came to the sheriff's office asking that official to come at once and bring blood hounds, as the place had been robbed and the loss was heavy.

Sheriff Ramsey was absent from the city at the time, as was also his deputy, but they could have done nothing in the matter, as neither the sheriff or the county possess such a thing as blood hounds, and they have no way of trailing anyone.

The amount of loss sustained by Mr.

Brice could not be learned, but it is supposed to be heavy, as he carried one of the largest stocks for a general merchandise store in the county.

Bargains at Wilson's.

Mrs. R. Wilson announces another week of rare bargain-giving at the "little store with the big stock." They have priced several articles in their advertisement in today's Sun which will be well worthy of your careful perusal. Besides the numerous bargains advertised, they have other things which are probably just what you are looking for, so give them a call while shopping and see what bargains they are offering.

Off for Tallahassee.

Col. Robt. E. Davis will leave today for Tallahassee, where the electoral college will meet on Monday, January 11. It will be remembered that Col. Davis received the highest vote by about four thousand of the five in the college, and this is quite a compliment to the gentleman. The vote will be cast for W. J. Bryan, and it will fall upon one of the five to deliver the vote at Washington.

Epworth League Meeting.

The Senior Epworth League will meet this evening at 6:15. Topic for our lesson: "For Us Who Are Lost." W. R. McKinstry will be the leader, and all members are urged to be present. Strangers always cordially welcome.

No Lull in the Campaign Against Tuberculosis

JACKSONVILLE, Fla., Jan. 9.—Eastward and Southward swings the consumption combat. From Alabama to Florida moves the exhibition campaign of the National Association for the Study and Prevention of Tuberculosis. Even in Florida, where nature has done so much to further healthful living, man has been careless and lawless and ignorant in the care of his body so that the garden has been made ready in the human soil for harvest of needless disease.

With January first there opened at Jacksonville a "ninety-day campaign" which is expected to stir every city, town and neighborhood between the Gulf and the Atlantic. The State Superintendent of Public Instruction will declare a "Health Day" in all of the schools. The State Board of Health will co-operate directly and through health officials over the State. The women's clubs are especially commit-

ted to the campaign through their health department. Religious, civic, commercial, educational and patriotic bodies will take part so that with the aid of the press of the State it is expected that few residents or visitors will fail to receive the message of "better health for all of the people." Negro leaders, in line with the program planned at Tuskegee in December, will push the movement among their race.

The National Association has provided for holding exhibits at Jacksonville, Tampa and Pensacola. There will also be one-day institutes at several of the larger towns, together with meetings in practically every community in the State. Because of the splendid health conditions in Florida a little intelligent effort plus a comprehensive educational campaign will go far towards freeing the State altogether from tuberculosis.

"Charlie's Aunt," which will be played by a clever home talent caste for the benefit of the cemetery road fund next Friday evening, holds the record for the longest run of any comedy known, having a run of 1,000 consecutive nights in New York.

Interest will be added to the play owing to the fact that it is a home caste. The participants are good amateurs, the performance will be creditably presented, and the benefit it is given for will assure a crowded house.

MISS BLANCHE PICKERT.

Who Will Appear at The New Baird Theatre Monday Night in "The Night Riders."

The New Baird Theatre.

Local theatre-goers will have an opportunity tomorrow night of witnessing the stage version of the life of "The Night Riders," organizations of which have been causing the people of several of the Southern States much trouble during the past few years, the conviction on Thursday at Union City, Tenn., of eight members of a "night rider" band bringing to a close a hard-fought legal battle over the murder of Captain Rankin, who met a horrible death at the hands of the clan.

"The Night Riders" will be presented at The New Baird Theatre Monday night by the Four Pickerts and Company, who return here for a three-night's engagement. It is said that the Pickerts know how to play "The Night Riders" in a most dramatic manner, and the play is one that is exceedingly thrilling and interesting from beginning to end. In this production Miss Blanche Pickert, who made many admirers during her recent stay here, will take the leading female role.

The specialties during this week's engagement will be new and catchy and the company will no doubt be greeted by good houses.

The prices are 25, 35 and 50 cents. Secure your tickets early Monday morning.

...

The Lyceum Course.

Dr. James Hedley comes to the Electric Theatre as the fourth number of the High School Lyceum Course tomorrow night. Of this noted lecturer The Ohio State Journal says:

"As an orator Dr. Hedley is of a type of his own making, and probably no one ever saw or heard anyone else like him. He is a humorist and comedian, as well as a poet and orator, and the audience laughed and laughed until it seemed as if they could laugh no more, but at some new sally, or well-turned point or droll story, they would break down and interrupt the speaker with their uncontrollable applause. The Doctor has gestures that are grace itself, and a voice musical in the extreme, while some of his eloquent flights are almost matchless."

...

Electric Theatre.

As a fashionable place of resort of evenings, especially for the younger set, the Electric Theatre is certainly accepted by all. Owing to the small admission fee, not more than would be paid for a saucer of cream, the girls do not feel that in accepting a young man's invitation to accompany

him to see the pictures, that it will cost him more than in all probability he can afford. The financial question is a serious one at the present time and as the majority of Gainesville's young ladies are very practical and common sense in their views, they take such things into consideration.

During the coming week there will be exhibits of real good life-like moving pictures, every afternoon and evening, well worthy the attendance of old and young. Monday night will also be a High School Lyceum occasion.

For Marshal.

To the Voters of Gainesville: I take this method of expressing my profound appreciation for your support in the past and to announce my candidacy for re-election. I have endeavored to the very best of my ability to discharge my duty faithfully and impartially, and, if my administration has pleased you, I will appreciate your support at the approaching election, which will be held April 13, 1909, believing by reason of my experience that I shall be able to serve you more efficiently than in the past. Yours obediently, B. T. ARNOW, Jan. 9th, 1909. City Marshal.

SANITARIUM NOTES

The city has commenced some long-needed improvements on the streets in the vicinity of the Sanitarium. This will be an improvement that will be highly appreciated by a large number of people. As soon as the street work is finished the property owners in the vicinity expect to put down new sidewalks.

The board of directors have had workmen estimating the cost of painting and otherwise repairing the building during the past week.

Miss Sallie Sykes, one of the nurses who was with the Sanitarium a portion of last year but who has recently been occupying a position in the Valdosta hospital, has returned and again resumed her duties at the Sanitarium.

Miss Heloise Vidal, who developed an attack of appendicitis recently and was operated on by Dr. McKinstry, Jr., Wednesday morning at the Sanitarium, is doing very well and it is hoped her recovery will be prompt.

W. F. Love, a prominent and well-known citizen of Trenton, is a surgical patient this week.

Dr. Hugh Morrow, medical interne at the Alexin Brothers' Hospital, Elizabeth, N. J., was a visitor at the Sanitarium Wednesday afternoon, assisting Dr. Hodges with a surgical operation.

The Sanitarium is expecting the arrival of several patients from the North during the coming week.

The Pure Food Law.

Secretary Wilson says: "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit-forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by all druggists.

WORK ON BUILDINGS PROGRESSING NICELY

THE WHOLESALE HOUSES BEING
RUSHED BY CONTRACTORS.

Albright Building Will Be a Two-
Story Brick Structure, With Founda-
tion of Rock and Cement.

Work is being pushed on the two new wholesale houses now being built in the city and within a short while the buildings will be completed and ready for occupancy.

The building of A. S. Albright, located near the G. & G. railway, will be a two story brick structure, with foundation of cement and rock, which will make the building capable of holding the immense weight that will be required.

Mr. Albright, who is superintending the work of building this structure, has completed the foundation and will commence on the brick work the coming week. He will rush the building through as fast as possible and wants to have it filled with goods early in the spring.

The other wholesale house being built by Contractor Brewer is also fast assuming proportions. The foundations have all been laid and the bricklayers are now working on the walls of the building.

The owner of this building has arrived in the city with his family, and he proposes to open up the place just as soon as the building is turned over to him, which will be within about four weeks if there is no delay in securing lumber and other material. This building will be only one story, but it is rather a lengthy one, and will be so constructed that an additional story can be easily added if the demands require same.

Every effort is also being made on the garage of C. A. Colclough on Masonic street, and more headway has been made there within the past week than on any previous occasion. This building will be ready for occupancy within the next two weeks.

Work on the Padgett building is progressing slowly, owing to the de-

It has the same power to-day. Boys and girls who are pale and weak get food and energy out of Scott's Emulsion. It makes children grow.

I desire that all my friends remember the fact that I will be a candidate for the office of Marshal of the City of Gainesville at the coming city election. Owing to my duties as Game Warden, I will be unable to be with you every day, but I desire that all my friends work for me and lend every assistance they can in my behalf in the approaching campaign. Will Preach in Palatka.

Rev. S. B. Rogers left yesterday for Palatka, where he goes to preach to-day in the new house of worship for the Baptists of that place. They have recently had another building erected, the old one being destroyed by fire, and Rev. Rogers goes to assist them in raising funds to pay off the indebtedness on the new church.

There are friends and friends. Some depress us because they are despondent and dreary. Others cheer and brighten because they are of sunny nature. Every word they speak is like a beam of sunshine and their presence brings a whole flood of light into our life.

Perhaps in one sense the public may consider itself fortunate that the Standard Oil Co. has to pay no fine, for, judging from the past experience, the public ultimately would have had to pay in the form of increased prices for kerosene, gasoline, and by-products.

After some great catastrophe has occurred it is remarkable what a number of people claim to have foretold it weeks and months in advance. The number who thus claim to have predicted the San Francisco and Italian earthquakes is legion. Why they assert this, unless it is to gain a little notoriety, is hard to say, for no one of any sense believes them.

That the whole civilized world has made Italy's sorrow its own is seen in the universal expression of sympathy and in the generous aid so promptly sent to the sufferers. Such catastrophes, dreadful as they are, serve to emphasize the oneness of humanity. Nations everywhere would usually regard themselves as brothers but for the selfish ambition of rulers and religious prejudices.

Some person in Tallahassee sent The Sun a copy of a presentation speech and response which he (or she) offered to sell for \$2. The party was so ashamed of the proposition, however, that no name was signed to the letter. If those Tallahassee correspondents could command a price for all the "trash" they send out they would have a regular gold mine. Not one in four of them knows a piece of news when they see it.

A. P. Jordan, editor of The Punta Gorda Herald, has been appointed pure food inspector for the State of Florida in place of W. W. Trammell, resigned. Mr. Trammell now occupies the position of chief clerk in the office of his brother, Hon. Park M. Trammell, the new attorney-general. The Sun congratulates Governor Gilchrist upon the appointment of Mr. Jordan. We presume he desires this particular position, and he was certainly entitled to whatever he asked for under the administration.

Some people are sure to look upon the dread of life in Italy as a chime of fate upon the country, and others go to the opposite extreme, namely, to conclude that the Almighty is cruel and indifferent to human suffering. Both classes are in error. We know that these enlightened and thoughtful people are so ignorant of the conditions existing in every part of the world. And as for the people who say take a look at the conditions of life in Italy as a chime of fate upon the country, they are equally ignorant. The conditions of life in Italy are not a chime of fate upon the country, but a result of the conditions of life in every part of the world. The conditions of life in Italy are not a chime of fate upon the country, but a result of the conditions of life in every part of the world.

SMALL FARMING PAYS.

The following from The Tampa Times applies to any place in Florida:
"With eggs at forty cents a dozen and first-class home-made butter bringing the same money per pound, as has been the case for some time in the vicinity of Tampa, there would seem to be no reason why a neat, compact, well-handled little suburban farm might not be made to pay. For items: Two hundred and odd hens, producing fifty per cent of eggs daily, or eight dozen, or the equivalent in your chicks, is not a hard thing to bring about. Three Jersey cows producing a pound of butter each per day are easily had. These cows and hens may be kept in the best of condition and up to the top notch of production by a careful man and his careful wife, and the entire work only occupy about half of their time. Ninety per cent of the necessary feed may be produced on the farm. The gross revenue is pretty nearly all profit if the item of wages is not considered. The auxiliary gardening may pay all the expenses outside the cows and chickens. The revenue from them may be maintained at about and above four dollars a day, to be applied as the wages of the enterprising and industrious couple. Allowing for all reasonable contingencies and drawbacks, loss of time, hired help, etc., it is a pretty safe estimate that a thousand dollars of practical net money may be had from a ten, fifteen or twenty-acre farm in this vicinity, stocked on or slightly above the scale noted.

"This is a paper estimate, but the only unsound spot in it is made by the fact that eggs do not always bring forty cents a dozen. But they are never below twenty, and generally may be said to average thirty in the Tampa market the year round. It is perfectly clear that an industrious man and wife may clear up from seven hundred to a thousand dollars a year without overworking. Do you know any people who are doing better in salaried positions or out of business in a small way? Besides, the people on a small farm live at home, board at the same place and are not tempted into extravagances that waste the money."

VITRIFIED BRICK.

It is to be hoped that no more money will be wasted in Gainesville in the pavement of streets, in at least the main portion of town, with rock. It is simply a waste of money, and the official who votes to further carry on such work certainly is not acting for the best interests of the people. The dust is simply unbearable on these streets in dry weather, and sufficient care has not been exercised in their construction to cause the water to run off in wet weather. Especially is this true as to East Main street, and future work of this class will only be a further waste of money.

The next paving done should be that of the public square, and the material used should be vitrified brick, the only material really fit for paving purposes. This work should be done as soon as possible, and the only way we know of to raise funds with which to do the work is to cancel the bonds voted for the construction of a lighting plant and issue in lieu thereof bonds for paving purposes. We believe the people will vote for such an issue of bonds, but we seriously doubt if they would vote for them for any other purpose.

Money enough has been wasted in the past in the use of worthless material to have paved the whole town with vitrified brick, and it is to be hoped that no future bonds will be voted for paving purposes unless it is stipulated in the ordinance submitted to the people for ratification that the material used shall be vitrified brick.

BONNIE MELROSE.

MELROSE, Jan. 9.—At the recent municipal election the following officers were elected: H. von Nostky, mayor; L. M. Baldwin, F. Ford, councilmen; E. M. Priest, clerk; Simon Coward, assessor and treasurer; C. Nobles, marshal and collector.

A much needed rain fell on Tuesday night, amounting to over two inches.

Dr. J. H. Corbin of Wakefield, N. J., is a new arrival at the Huffman House.

The "Lennema" took quite a party of jolly young people out for a moonlight trip on Lake Sanda Fe on Monday night.

J. M. Stenvill and wife of Newberry are visiting C. Nobles. They are on their way to Atlanta.

The house of Mrs. O. L. Grimes is being put in thorough order, W. V. Paschall doing the carpenter work and E. F. Ford the painting.

Mrs. N. C. McNich of Macksville, Kansas, is visiting Mrs. O. L. Grimes. J. C. Adkins, representing Jordan & Company, insurance agents of Gainesville, was in town yesterday on business.

Mrs. R. Whitehead and daughter, Margaret, of Elizabeth, N. J., arrived last night on a visit to Mr. and Mrs. E. J. Whitehead.

Mrs. B. W. Barnett and Miss Lula Barnett of Charlotte, N. C., are the guests of Mrs. N. J. Barnett.

"Remittance Men" is the term applied in Canada to the young sprigs of nobility who are sent to that country from England, with a thousand pounds in their pockets and with the promise of monthly remittances, to make fortunes for themselves in farming. It is a miracle that any such young man succeeds with such a handicap. The great majority fail, and no wonder, for a pocketful of money, monthly installments, a weak character, and no practical training are about the worst combination a young man can have who is sent out to earn a living, whether in Canada or any other country. The wise parent will see to the building up of a young man's physique and character, will give him a good education, put a few dollars in his pocket and then send him forth with the parental blessing to make his own living in the world, and in the majority of cases such a young man will succeed.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. NEWS FROM ALL PARTS OF FLORIDA

Palatka's city hospital will be opened again as soon as the repairs now being made can be completed.

County and city officials of Escambia county and Pensacola are waging war against young white men who have no visible means of support.

Marion Camp No. 56 of United Confederate Veterans has passed resolutions requesting the incoming administration to retain Miss Jefferson Bell as secretary of the board of pensions.

Citizens of Palatka are considering the question of a new postoffice building for that place. An appropriation for that purpose will no doubt be asked, for during the present session of Congress.

Dade county now has more than 150 miles of rock road. The people found that the bond issue, which secured the first 62 miles of road, had been such a splendid investment that they have been enthusiastic on every occasion to vote additional taxes to continue the good work, and are contemplating rock roads in every part of the county.—Fort Pierce Tribune.

Dates for the seventh annual automobile tournament to be held on the Ormond-Daytona beach have been made public. The races, which are to be held under the auspices of the Daytona Automobile Club, are to extend from March 22nd to 25th, inclusive. Among the trophies to be awarded are the Sir Thomas Dewar prize of \$2,000; the Minneapolis trophy, and a special two-mile-a-minute prize. Several cash prizes to drivers also will be given.

Now Pensacola is experiencing the same rush of former liquor dealers from Alabama which Jacksonville has had from Georgia, all anxious for a share of the profit of irrigating the dry territory of the State which they formerly supplied. The stream which flows northward from the Deep Water City will rival that from the Gate City of Florida, and the funny paragraphs will have to divide their attention between the two Florida cities.—Times-Union.

The Invisible Point.

It was an awfully old joke, but the American thought it might cause his English friend to generate a smile. "Just before I sailed for Liverpool," said the American, "I dreamed that I was dead, and the boat woke me up." "So?" rejoined the Englishman seriously. "The weather must be beastly hot in America."—Chicago News.

RHEUMATIC FOLKS.

Are You Sure Your Kidneys Are Well?

Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive.

Don't dally with "uric acid solvents." You might go on till doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended. Here is Gainesville testimony to prove it:

Mrs. S. E. Pinkson, living at 609 W. Liberty street, Gainesville, Fla., says: "My daughter had been in poor health for some time, and I am sure that it was all due to weakened kidneys. She was not strong, felt nervous and was subject to dull headaches. These symptoms, together with others that existed, induced me to procure a box of Doan's Kidney Pills at J. S. Bodiford & Co's. My daughter used them accordingly to directions, and I am glad to say that she was cured. I feel that I owe a great deal to Doan's Kidney Pills and am glad to recommend them to any person suffering from kidney disease."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Cause of Car Sickness.

W. C. Wood attributes car sickness to the nystagmus produced by looking out of the car windows. Look out of a car window and observe how rapidly the telegraph poles flit by. Each one is seen and involuntarily followed by the eye until it is opposite, when the eye shifts to the one following. This is true of near buildings. Objects farther away seem to move slower, and those very far off seem to be almost stationary until the whole landscape appears to be revolving round a common center. The unconscious effort to take in everything produces a rapid lateral oscillation of the eyeballs, as any one can observe by watching the eyes of his fellow passengers. The eye strain is enormous and is the chief factor in producing car sickness. This can be proved by asking a patient who is subject to car sickness to look steadily at a mirror which is moved rapidly to and fro or tilted backward and forward. He will immediately complain of nausea and vertigo. The treatment consists of advising the patient to avoid looking out of the car windows and in giving him a grain of citrated caffeine shortly before he takes the cars and repeating it every hour as long as there is any tendency to be sick. The author has been enabled by this procedure to relieve many sufferers from car sickness.—New York Medical Journal.

The Ship's Bell Clock.

In its most ordinary form the ship's bell clock is a stout, well made clock, a good timekeeper, contained in a round nickel plated case six or seven inches in diameter which is mounted on a board that can be hung on or screwed to a wall or bulkhead. The face of the clock, the dial, is of finished steel, and its pointers are of blued steel, so that with its nickel case the whole clock has a metallic, solid, serviceable look.

Attached to a projection of the board upon which the clock is placed, outside the clock and immediately below it, is the clock's gong, with the hammers—there are two of them—brought down into it on arms extending through an opening in the clock's case and striking on the gong's inner side. It is a sturdy gong two or three inches in diameter, and it sounds with a strong, clear, resolute note when the hammer strikes it. On this clock's face you can tell the time in the usual way, but the hours are struck as they are at sea on a ship's bell.—New York Sun.

There is no case on record of a cough, cold or la grippe developing into pneumonia after Foley's Honey and Tar has been taken, as it cures the most obstinate deep-seated coughs and colds. Why take anything else? J. W. McCollum & Co.

How He Knew.

A vagrant who was gathering up worn-out clothing in the country purchased a pair of discarded trousers at a farmhouse and remarked to the man of the house as he paid for the stuff he had bought:

"I see, sir, that you are about to lose your land on a mortgage."

"Guess you are right," said the discouraged looking farmer, "but will you tell me how the Sam I'll find that out?"

"Easy enough," said the cheerful vagrant as he settled back on the seat of his peddling wagon. "I notice that these old pants are completely played out, so far as the part of 'em you sat down on is concerned, but they show mighty little wear anywhere else."—Exchange.

S.S.S. HEALS OLD SORES

Before any sore can heal, the cause which produces it must be removed. As long as the blood, from which our systems receive their necessary nourishment and strength, remains impure and contaminated with disease germs, any old sore on the body will remain open, and resist every effort made to heal it. The nerves and tissues of the flesh around the places are continually fed with unhealthy matter and nature is simply disposing of the poison by draining it from the system through the sore. The only cure for an old sore is a thorough cleansing of the blood, entirely ridding the system of the cause. S. S. S. heals old sores by removing every particle of impurity from the circulation. It goes down to the very bottom of the trouble and so completely cleanses the circulation that there is no longer any impurity to drain through the sore, but the place is once more nourished with rich, healthful blood. S. S. S. heals the sore from the bottom, the place soon fills with healthy, firm flesh, the tenderness leaves, all discharge ceases, the skin regains its natural color and when S. S. S. has thoroughly cleansed and purified the blood the place is permanently healed. Dock on Sores and Ulcers and any medical advice free to all who write.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

HIGH SCHOOL NOTES

The total number of pupils enrolled in the Gainesville Graded and High School is 472. Fourteen of these have been removed from the district, leaving the present enrollment 458. At least 445 of these are in actual attendance. The punctuality and regularity of attendance of the pupils is now remarkably good. On one grade last month there was not a case of tardiness and only one day's absence. Other grades made almost as good a record. If all parents could realize the importance and benefits of punctuality and regular attendance, teachers would have but little to do in securing them. The records of any school will show that those who are punctual and most regular in attendance are, as a rule, making the best record along other lines. The following pupils have been neither absent nor tardy during the session:

First Grade, A.—James Beall, Frank Jones, Albert Lamons, Lola Albright, Lyle May Lawhon, Hope McClamrock and Letta May Overstreet.

First Grade, B.—Blanche Lambeth, Loretta Schafer, Rufus Mixson, Scott Hicks and Joe Rivers.

Second Grade—Victor Cox and Grady Colson.

Third Grade—Alma Mixon, Jennie Dean, Maurine Gracy, Louise Ellis, Pearl Sikes, Edwin Mixon, Bryan Peratt and Wyatt Prevatt.

Fourth Grade—Grace Bullard, Constance Dean, Lola Kite, Bessie McCormick, Jeannette Morris, Beattie Oliver, Annette Phifer, Willie May Ramsey, Lela Rivers, Robert Swanson and Bille Thompson.

Fifth Grade—Irma Vida, Laurie Colson, Bernice Prevatt, Ellen Beal, Fern Bullard and Sidney Jennings.

Sixth Grade—Frances Waugh, Vera Gantt, Emma Lena Crues, Helen Schafer, Gladys Grace, Helen Phifer, Edith Fisher, Dairand Tucker, Theodore Schafer, Hugh Becker and Homer Wolf.

Seventh Grade—Wilbert Albright, Clarence Lamons, Howe McCormick, James Mooty, McKendree Tucker, Lucia Adams, Mamie Fagan, Belver Boyd, Edith Naftzgar and Bessie Ramsey.

Eighth Grade—Lida Davis, Mary Boyd, Eva Futch, Pearl Lewis, Yeteva Rogers, Elizabeth Taylor, Ewell Durst, Frank Evans, Rex Evans, George Moseley, Roy Mixon, William Rilea. Mrs. Jackson's Room—Charlie Jackson, Leon Kelley, Raymond Riles and Ray Sikes.

Ninth Grade—Agnes Spencer, Helen Harrison, Mamie McGrew, Dalton Rosborough, Douglas McDowall, Willie Hagg, Oscar Medlin.

Tenth Grade—Annie Rutherford, Fannie Burkheim, Joe Swanson, Frank Swanson, Mozelle Durst, Rosa Bailey, Maggie Fagan and Clark Evans.

Eleventh Grade—Annie Treadwell, Gladys Taylor and Sidney Godwin.

Twelfth Grade—Luis Thomas, Ruth Doig, Ethel Durst, Irene Perry, Bessie Rutherford, Kathleen Higdon and Casper Peeler.

In Tuesday's paper will be found a list of the ranking pupils and also a list of those who have not fallen below a general average of 90 per cent. There seems to be a growing interest and enthusiasm in the work in each grade. The majority of the pupils seemed glad Monday morning that the holidays were over and work had begun again.

The high school department organized a literary and debating society Friday afternoon. A program has been previously prepared. Each one assigned a place on the program performed his or her part very creditably although he or she had had but three days in which to prepare. Great benefit will be derived from this society if the first meeting is to be considered a sample of those which are to follow. The next meeting will be held next Friday afternoon. Already those who are to take part are hard at work preparing for the occasion. The following program was rendered at the first meeting:

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. Williams, R. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

BURKHEIM'S BIG SALE.

Need Money Sale Is Inaugurated by Progressive Man.

L. J. Burkheim, the progressive clothier, will not wait longer to realize on his handsome stock of fall and winter goods which were bought in large quantities, and as he has not had the season, he will make a season by inaugurating a special "need the money" sale which commences on Monday, January 11.

He has not marked over the goods, but simply made a reduction of 50 per cent on all overcoats, 30 per cent on all clothing, and other seasonable goods in proportion. He finds that the goods will be better sold than to lay over for later sales, and will give his customers the benefit of wearing the goods in season.

See his large ad. in today's paper and remember you get tickets on the handsome piano with all purchases.

Don't Take the Risk.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis, or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of the United States and to many foreign countries. Its many remarkable cures of coughs and colds have won for it this wide reputation and extensive use. Sold by all druggists.

Not Grasping.

"What a grasping fellow you are, Hawkins! You've bothered me about this bill fifty times in ten days." "You wrong me, Jarley. I'm not grasping. I've bothered you about the bill, I admit, but I haven't been able to grasp anything yet."

You would not delay taking Foley's Kidney Remedy at the first sign of kidney or bladder trouble if you realized that neglect might result in Bright's disease or diabetes. Foley's Kidney Remedy corrects irregularities and cures all kidney and bladder disorders. J. W. McCollum & Co.

Just His Luck.

"William, Freddie informs me that his teacher has decided to advance him from the sixth to the seventh grade owing to his fine deportment and his praiseworthy attention to his studies." "Tshaw! That's just my luck!" "Why, what makes you say that?" "I had it all figured out that I was going to be about \$10 ahead at the end of this month. Now it will be necessary to buy a new set of schoolbooks."—Chicago Record-Herald.

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. Books of Reference.

Newspaper editors like to answer questions addressed to them by their readers—if they are not too hard—and they deem themselves as arbiters rather than as accessories to a misdemeanor when they are appealed to for information "to decide a bet." But they wonder sometimes why certain questions are put to them for arbitration when the answers are to be found in one of three very accessible books—an almanac, a grammar and a small dictionary.

These are books of reference that ought to be in every home library, however small. We guess that they are, but that they are sometimes dusty with misuse or out of easy reach on a top shelf. It is well to have an almanac, a dictionary or an atlas handy when you are reading your newspaper. By consulting them frequently the reader will find his daily paper relates his early historical studies to present events and makes his touch with the world closer and more significant. Get the habit!—New York Mail.

Stomach Trouble Cured.

If you have any trouble with your stomach you should take Chamberlain's Stomach and Liver Tablets. Mr. J. P. Klote of Edina, Mo., says: "I have used a great many different medicines for stomach trouble, but find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used." For sale by all druggists.

If it's printed stationery you want, The Sun office is the place to get it.

A WARNING

I have learned that certain persons
are representing themselves as my
agents, and taking orders for large
pictures, claiming I will finish them.
In some cases the pictures given them
have been lost—pictures of dear ones
which cannot be replaced. I have no
agents, never did, and never will.
I deal directly with my patrons for
all work. I cannot afford to pay an
agent out of the prices I charge for
the high-grade work I do. Bring your
enlarging to me and you are not only
insured against loss of the original,
but will have a guarantee of a faithful
likeness and an artistic finish.
